### PERSONALS

O. K. Darden of Lone Grove was in the city yesterday on business.

Dr. Perry, president of the Texas Military College at Terrell, Tex., is in the city the guest of Superintendent Richards of the city schools.

Mrs. M. C. Herbert who has been ill for several weeks, is still quite sick at her home on Second avenue, northwest.

FRESH LETTUCE, ROASTING EARS, CELERY, TOMATOES. W. J. LANE.

### STREET STORIES

Prof. and Mrs. Reynolds of Glenn are in the city visiting with Mrs. Reynolds' mother, Mrs. M. C. Herbert, at the corner of P street, northwest.

The Cadillac agency of this city report good business for the past week. Their repair and supply department is an added feature to their business and they are doing a good business in both lines.

H. A. Ledbetter came in Friday night from the Chickasaw lake with a nice catch. The largest bass was 22 inches in length and weighed something like seven pounds.

The Reo agency made four deliveries last week and report several prospects in sight. L. H. Griffin and J. M. Jones of this city, T. M. Lowery of Wilson and B. W. Williamson of Ardmore were the purchasers.

The work of repairing the broken pavement on the streets of the city seems to have come to a sudden halt. There is a lot of work that could be profitably done in that line at present.

H. P. Nichols, who recently purchased a new roadster, had it equipped with Kelly-Springfield tires throughout by the Frederickson Tire company of this city.

Secretary West of the county fair association states that all the buildings so far erected at the fair grounds will be wired for lighting and the water mains laid over the grounds the coming week.

Friday night United States Deputy Marshal Dick Hignight and Special Officer Fow Brazil captured a couple of cars of booze that was being transported into the oil field districts. The cars in which the stuff was being hauled were confiscated also.

J. C. Graham, mayor of the city of Marietta, was here yesterday visiting with his old friend and law partner, Judge A. Eddleman. He spent a few

hours at the city lake and returned with a nice catch. He says the city lake is one of the finest fishing resorts in the entire country.

Yesterday was a busy one with the merchants of the city. A large crowd from the rural districts was in town and trading in all lines was brisk.

County Attorney A. J. Hardy has returned from his vacation, spent in Colorado. He is much improved in health and reports a very enjoyable time among the snow-capped peaks of that state.

B. W. Luke and Adam Alexander returned from Sulphur yesterday, where they have been spending several days, and report that the resort is being visited this year by a large delegation of Ardmore citizens.

Ira Arnold of Lone Grove was in the city yesterday on business. Mr. Arnold states that cotton is suffering from the drouth in his vicinity and unless rain falls immediately the crop will be cut very far below what it was last year.

County Commissioner Tallaferra granted permission to Secretary West of the county fair association to use the new tractor and grader in putting the roads and grounds at the fair grounds in good condition for the opening of the fair next month.

Several merchants have already reserved space in the exhibition hall at the fair grounds, and will have displays during the three days of the fair. The county exhibit to be taken to the state fair at Oklahoma City will also be shown here at the time.

J. B. Moore and family left yesterday for Pulaski, Giles county, Tenn., where they will visit with Mr. Moore's parents, who reside there. Mr. Moore stated that he would be absent from the city for about one month, and expects a great time among his former friends.

R. R. Jones of Providence was in the city yesterday on business. He states that crop conditions about Providence are not very flattering, on account of the continued dry weather. Cotton will be cut extremely short there unless a good rain falls within a few days.

C. M. Elder of the real estate firm of Brooks & Elder, was in the city yesterday from Ringling. He reports that the drill is making good progress on the Northwest well south of Ringling, and that it may open up a new oil field. The formations there are said to be somewhat like they are at Blackburnett and Electra.

County Treasurer John J. Yell received a check from the state auditor yesterday for \$19,533.54, another installment of the gross production tax, due this county. This brings the total so far received to over \$54,000, one-half of which is to be spent on the roads, the other half going to the schools.

Some of the finest melons ever offered in the city were on the streets yesterday and found a ready market at good prices. The crop this year has been abundant and of excellent quality. The revenue derived from the sale of melons in this vicinity is quite an item to the growers.

Joe T. Taylor of Lone Grove was in the city yesterday on business. Mr. Taylor has been selected as superintendent of the cattle exhibit for the Carter county fair, and states that he has been notified by many breeders that they will have their choice animals here.

Frank Moore, who was supervisor for the government in erecting the new federal building, left yesterday

for his home at South Haven, Kansas. After a brief visit with his family he will go to Redfield, South Dakota, where he will supervise the erection of another government building.

Likewise it is altogether timely that the Board of County Commissioners take under advisement the feasibility of purchasing a clock for the tower in the court house. There is a painful silence atop the temple of justice that could be supplied by a good old-fashioned Seth Thomas, de-

vold of all fancy trimmings possessed by the first one installed.

Hiram Abiff Boaz, D. D., president of Texas Woman's College, Fort Worth, arrived in the city yesterday and is the guest of Rev. E. R. Welch at the Broadway parsonage. Dr. Boaz will preach at Broadway Methodist church at the 11 a. m. service. Dr. Boaz has many friends and admirers in Ardmore as he has made several visits here in the past. He is indeed a great preacher and those who are fortunate in hearing him this morning will be delighted and edified.

BULK OLIVES, DILL, SWEET AND SOUR PICKLES. W. J. LANE.

Cotton is injured.

B. A. Holliday, who is one of the successful farmers of the county, states that the drouth has already cut the cotton short. He has 12 acres of new ground cotton which under ordinary circumstances should make \$600 worth of cotton, but he says this year it does not promise to make more than \$200 worth. A rain now, says Mr. Holliday, would help cotton considerably, but the prospects are not good for any moisture in time to be worth anything to the crop.

Not Seriously Ill.

William Felber, the grocer, who was taken suddenly ill Friday, was confined to his bed yesterday. He has no fever and his physician does not think his trouble will last but a short time. Mr. Felber is one of the hardest working men in Ardmore, and his physician and family will see that he takes a needed rest.

## WHEN BUYING--

If you are one of those men who desire clothes made as you want them, according to the style prevailing on the day your measure is taken, let us have your order—1,000 exclusive patterns for your selection.

WHEN CLEANING Is to be done, just remember that the "best is the cheapest" we are second to none in quality cleaning, and quick, efficient service.

## FURNITURE HAS NOT YET ARRIVED

POSTMASTER AND ASSISTANTS ARE IMPATIENT TO GET INSTALLED IN NEW FEDERAL BUILDING ABOUT COMPLETED.

Postmaster C. L. Byrne had hoped to be installed in the new federal building by this time, but owing to the fact that the furniture has been delayed, it is impossible to state just when the transfer will be made.

Several of the federal officials have taken possession, however, as they already were supplied with furniture and fixtures, notably the field office of the Indian service under Col. S. A. Mills has been transferred and is now transacting routine business from the new building.

Under Col. Mills who is field clerk, is Aaron Homer, assistant clerk, Nelson Wall, interpreter, Nelson L. Crapo, appraiser, and Charles M. Neal, government farmer. Russell Brown, probate attorney for the Choctaws and Chickasaws for this district, together with his clerk Peter Harber also has offices with the field clerk. United States Deputy Marshal Dick Hignight has transferred his quarters to the new building also.

The county farm demonstration agent will not have offices in the new building. The government merely pays part of his salary and he is usually given office space at the chamber of commerce or commercial clubs in cities where he is located. The offices of the Indian agent are on the third floor of the new building, and as the elevator is not in commission as yet, it necessitates a long climb for those who have business to transact with the department.

### Remember Monday Night.

If you are a member of the Chamber of Commerce, be at the annual meeting at the club rooms Monday night. If you ought to take membership with this live organization, be on hand and subscribe your name to the by-laws, pay your dues and be a red blooded, virile Ardmore worker.

FRESH BEANS, ONIONS, CAR-  
RIOTS, PEPPERS. W. J. LANE

## COME OUT TO THE SMOKER MONDAY NIGHT

CHAMBER OF COMMERCE NEEDS ASSISTANCE OF EVERY MEMBER — NEW OFFICERS TO BE NOMINATED.

The present officers and directors of the Chamber of Commerce want to impress upon the minds of every member to be present at the meeting and smoker Monday night when nominations of officers and directors for the coming year will be named.

The present set of officers believe Ardmore should give better support to the Chamber of Commerce, and want to increase the membership to at least 500 before the end of another year. The officers also want to impress upon the minds of the members that it is not alone sufficient to be merely a paying member, but want every member to come out to the meetings when called and take an active part in local affairs.

Meetings of the Chamber of Commerce are called only when there is some vital question, affecting the industrial growth of the city, to be discussed, and for that reason they want every member to become an active worker for the upbuilding of the city.

At the meeting Monday night several matters that are under advisement will be up for discussion, and it is the desire of the officers that every member be on hand promptly.
